Athena
 Professional camera bags

Athena series

The fashionable Athena series bag is the great choice for travelling, thanks to the special denim fabric and 750D water-proof twill, it is 30% lighter than the normal fabric but also provides perfect protection for your camera. Its side-opening design enables the users to go from travelling to shooting in just few seconds. The ergonomic harness system with wider and thicker shoulder straps provide a very comfortable bag.

- Side open design for quick access to camera and photo equipment.

- Roomy interior with thick protective walls.
- Upper zipper bag for valuables.

- Built-in rain cover against water, dust and sand.

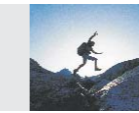

- 3D mesh handle, foam-padded shoulder straps and ergonomically designed harness comfortably distribute weight.
- Two feet on the base increase wear resistance.

- The adjustable buckle design can attach different tripods.
- Included back belts allow the bag to be attached to a rolling case.
