

G-Shot 510

Waterproof and Dual Panel Digital Camera

The latest addition to the Genius G-Shot digital camera series is G-Shot 510. The obvious advantage of G-Shot 510 is the IPX8 (protection against a depth of 3 meters water immersion) waterproof feature and built-in dual panels (front 1.8" and back 2.7"). You can immediately take underwater photos/videos up to a depth of 3 meters diving and playback these files while you're still in the water. With its compact design, it's easy to take with you wherever you go.

In addition, the special front panel design lets you take a self-snapshot. The max. 16 megapixel (with software interpolation) resolution and 4X digital zoom enable clear image results. With G-Shot 510, you can take great photos and videos so you won't miss capturing your most memorable moments no matter if you're in or out of the water.

Package Contents

- Digital camera
- USB cable
- Pouch
- Strap
- Warranty card
- Two AAA Alkaline battery
- Multi-language quick guide

WEEE information

- PN: 32300104101
- Body Weight (g): 103g
- Body Size (L x W x H): 97.6 x 63 x 23.2mm
- Package Size (L x W x H): 157 x 145 x 50mm
- PCs/Carton: 20pcs/Carton
- CUFT: 0.75 CU'FT/CTN:372 x 295 x 193 mm
- EAN: 4710268 243656 / UPC: 091163 243656
